From exciting games to a high-energy atmosphere in every gym, the tournament showcased the growth of our players and the strength of our program. The level of organization, sportsmanship, and overall experience reflected the hard work happening across PBC. 8TH GRADE BOYS

As we enter the final two months of the season, we want to recognize our 8th grade boys finishing their time with PBC. They've shown commitment, growth, and pride in representing our program, setting a strong example for younger Patriots. Their impact will be felt well beyond the court as they move on to the next chapter. We wish them the best of luck as they move to the next level and we can't wait to see what the future holds. Once a Patriot, always a Patriot.

Finishing Strong

The 8th grade red team currently has a cumulative record of 205-48 and has played at a higher grade level every year.

8th grade blue and white have also shared the success this year and beyond making this one of PBC's strongest classes to date.

Thanks to the HC's and Assistants who have contributed so much time into helping these boys grow into young men!

Tryouts are an exciting opportunity for players to demonstrate their skills, build confidence, and get a sense of the teamwork and coaching philosophy at PBC. Spring and Summer Skills Sign Ups

We can't wait for Spring and Summer camps at PBC — this is where a lot of the fun (and improvement) really happens. Our camps are built to help every player get better, no matter their skill level, with tons of reps, competition, and confidence-building along the way. Whether players are just getting started or looking to take their game up a notch, they'll leave camp sharper, more confident, and a step ahead of the competition. Great energy, great coaching, and a lot of basketball. We're excited to get in the gym and get to work with everyone.
